Concerning organic eggs, we support several producers in converting conventional operations to organic. More information can be found in this [Wilcox Farms video](#).

Kirkland Signature Cage-Free Eggs

Costco is committed to providing cage-free shelled egg options for our members and we continue to increase the percentage of cage-free eggs we sell worldwide. More information can be found on the “Animal Welfare” section in our [Merchandising section](#). In addition, Kirkland Signature™ Liquid Eggs are cage-free in the U.S.

Smarter Egg Farms

One of Costco's Kirkland Signature organic egg suppliers, [Handsome Brook Farms \(HBF\)](#), based in New York, has launched an ambitious program to promote environmentally friendly production processes among its 100-plus small egg producers across 10 states. The Climate Smart Organic Egg Project will help participating farms with innovative practices aimed at reducing on-farm emissions, increasing biodiversity, and improving soil, water and hen health. Costco and others supported HBF in applying for a grant from the United States Department of Agriculture (USDA), as the project supports our own Climate Action Plan. The project is financed through a \$3.6 million USDA grant and \$2.8 million in matching funds from HBF.

Kirkland Signature Milk

For the Kirkland Signature Organic Milk program, we have partnered with suppliers that provide high-quality milk at competitive prices. The story of one of these suppliers that works with Costco to ensure a long-term supply of organic milk and feed can be found in this [Organic Milk video](#). Other Kirkland Signature milk suppliers are featured in the *Costco Connection* article, [Dairy queens](#).

Plant- Based Alternatives

Costco understands that soy is a major driver of tropical deforestation in countries such as Brazil. For that reason and others, we source the soy for Kirkland Signature Organic Soy Non-Dairy Beverage and Kirkland Signature Organic Non-Dairy Vanilla Soy Beverage from the U.S. and Canada.

In addition, Costco offers members additional Kirkland Signature plant-based alternative beverages sourced from oats, almonds, soy and coconuts.
