

Eggs, Dairy & Plant-Based Alternatives

Kirkland Signature Eggs

Kirkland Signature Organic Eggs

Costco works closely with a number of egg producers to source organic eggs across the U.S. We support several producers in converting conventional operations to organic. More information can be found in this [Wilcox Farms video](#).

Kirkland Signature Cage-Free Eggs

Costco is committed to providing cage-free shelled egg options for our members and we continue to increase the percentage of cage-free eggs we sell worldwide. More information can be found on the “Animal Welfare” section in our [Merchandising section](#) (under “Cage-Free Eggs”). In addition, Kirkland Signature™ Liquid Eggs are cage-free in the U.S. The transition to cage-free eggs will continue to increase with added availability and capacity of cage-free production.

Kirkland Signature Milk

Plant-Based Alternatives

For the Kirkland Signature Organic Milk program, we have partnered with suppliers that provide high-quality milk at competitive prices. The story of one of these suppliers that works with Costco to ensure a long-term supply of organic milk and feed can be found in this [Organic Milk video](#). Other Kirkland Signature milk suppliers are featured in the *Costco Connection* article, [Dairy queens](#).

Costco understands that soy is a major driver of tropical deforestation in countries such as Brazil. For that reason and others, we source the soy for Kirkland Signature Organic Soy Non-Dairy Beverage and Kirkland Signature Organic Non-Dairy Vanilla Soy Beverage from the U.S. and Canada.

In addition, Costco offers members additional Kirkland Signature plant-based alternative beverages sourced from oats, almonds, coconuts and rice.

Suppliers are also doing their part. See a product spotlight featuring Silk® Bee Better Certified almond milk products available at Costco on the “Environmental Impacts & Land Stewardship” page in our [Merchandising section](#).
