

Product Safety Recall - Reminder

July 15, 2022

Dear Costco Member,

As explained in our May 23, 2022 notice, Costco records indicate that you, or one of your add-on members, purchased the Universal Broadmoore Cayden Gentleman's 9-Drawer Chest (Costco Item #1335751) between December 2019 and April 2020. Samson International is voluntarily recalling the chests. According to staff of the U.S. Consumer Product Safety Commission (CPSC), the chests are unstable if they are not properly anchored to the wall, posing tip-over and entrapment hazards that can result in death or serious injuries to children.

Remedy: Consumers that have not already participated in the recall should immediately stop using the recalled chests that are not properly anchored to the wall with the anchoring kit provided with the chests and do one of the following:

- Return the item to your local Costco for a full refund; or
- Contact Samson International for instructions on how to mail in the drawer slides from one side of the chest for a full refund; or
- Contact Samson International for a free replacement tip-over restraint kit. Samson is also offering a one-time free in-home installation of the tip-over restraint kit upon request.

Please contact Samson International with questions or concerns, by phone (800-357-0701) or email (info@samsoninternational.com) Monday through Friday between 8:00 am and 8:00 pm ET.

Thank you,

Samson International
