## IMPORTANT SAFETY NOTICE

8/26/2020

Dear Costco Member,

Costco records indicate that you have purchased a First Alert® 10-Year Battery Smoke Alarm with Safety Path Light 2 Pack (Item #1428324) between 5/17/2020 – 8/24/2020.

We would like to reassure you that the product you have purchased is a fully operational smoke alarm that meets industry standards and does not need to be returned or removed from your home.

The packaging correctly identifies the two devices as smoke alarms on the front of the packaging and within the recommended placement graphic on the back of the packaging, further specifying the alarms as smoke alarms only. There is a misprint error on the back of the packaging indicating erroneously that the alarm is a smoke and carbon monoxide alarm. Item #1428324 is a fully operational smoke alarm that meets all industry standards for safety. This device is NOT a carbon monoxide alarm.

If you feel that you purchased a product that is intended to be a smoke and carbon monoxide alarm and no longer want such product, please contact First Alert for a product replacement.
