

April 28, 2023

Dear Costco Member,

Costco records indicate that you, or one of your add-on members, have purchased item #1303463 24oz Vital Proteins Collagen Peptides between April 17, 2023 and April 24, 2023.

Vital Proteins has initiated a voluntary recall of a single batch code of this product due to a potential foreign material contamination (pieces of one blue broken lid may be in one or more canisters). No injuries have been reported due to this matter and the potential risk to the consumer is low. However, out of an abundance of caution, we are initiating this voluntary recall as consumer safety is our first priority.

Affected units have the below batch code and Best By date printed on the canister:

**30095993HA**  
**Best By: 01-09-2028**

Please do not consume product marked with the above batch code and Best By date and return the item to your local Costco for a full refund.

No other Vital Proteins products or code dates are affected by this issue.

We apologize for any inconvenience this has caused.

If you have any questions or concerns, please contact our Consumer Advocacy Team at 313-887-0668, Monday through Friday between 9:00 am and 5:00 pm Central.

Thank you,

Hillary Estes  
Senior Director Quality
