

June 18, 2020

Dear Costco Member,

Costco records indicate that between November 1, 2017 and December 10, 2019 you purchased a Bevelle 9 Drawer Dresser included in bedroom sets (Costco item number 562864, 562807, 562862, 562858, 562860, 562796, 562865, 562859, 562863, 562801, 562861, 562857) or as a standalone unit (1120512).

In cooperation with the U.S. Consumer Product Safety Commission ("CPSC"), Modus Furniture is conducting a voluntary product recall to correct a potential tip-over and entrapment hazard.

The recalled dressers are unstable if the mirror is not installed, posing serious tip-over and entrapment hazards that can result in death or injuries to children. The dressers do not comply with one of the performance requirements of the U.S. voluntary industry standard (ASTM 2057-17). The tip-over restraint kits do not comply with the performance requirements of the U.S. voluntary industry standard (F3096-14)

This recall involves dressers manufactured between November 2017 and February 2019. To determine date of manufacture, locate the white label on the back of the dresser, near the top right. If the date of manufacture is between November 2017 and February 2019 your dresser is included in the recall. Dressers manufactured after February 2019 are not included in this recall.

If your dresser was manufactured between November 2017 and February 2019, please contact Modus Furniture immediately. Keep children away from the dresser until repair is completed.

To request a free replacement tip over restraint visit <https://www.modusfurniture.com/recall/> or contact Modus Furniture at 888-859-2129 from 7:30 am to 4:30 pm Pacific Time Monday through Friday. You may also request free one-time in-home installation of a tip over restraint.
